WESTFALIA

BC 60 CYCLE CARRIER

WESTFALIA BC 60 CYCLE CARRIER

Compact and carefully designed.

In every aspect the WESTFALIA BC 60 is a winning design. It represents a high standard of quality and TÜV/GS approved safety. It was developed to achieve the strict requirements of the automotive industry.

Handling of the BC 60 is oriented completely towards the needs of the customer. It is mounted in seconds by simply placing it onto the towball, and then fastened without tools with minimal effort.

After it is used, it can be folded up to save space (58 x 69 x 22 cm) and can be stored in the matching bag in the vehicle trunk, your garage or home.

The BC 60 is suitable for cycles with a wheel base of up to 1300 mm and can carry loads up to 60 kg, it is ideal for heavy e-bicycles and Pedelecs. These trendy "Best-Ager" cycles can be – especially when compared to roof racks – easily attached and fastened.

And not least, the BC 60 impresses with its "expansion" capabilities due to diverse practical accessories.

WESTFALIA

WESTFALIA A LEADER AMONGST CYCLE CARRIERS

- Double cycle carrier on the towbar
- Assembled in seconds with little effort and securely fastened
- Foldable for quick access to the boot – even with the cycles attached!
- Folds away to an ultra compact size: 58 x 69 x 22 cm – especially space saving
- Ideal for cycles with extremely long wheel base (1300 mm)
- 60 kg payload: suitable also for heavy electric cycles
